

the spanish
vineyards

An elegant expression of the Priorat that comes from La Solana, a 22 hectares estate located on the terraces that surround the winery. Soils are slate rock, locally known as "Licorella". Opaque ruby color. Minerals and smoked sensations in the nose, red berries notes and black slate tones typical from Priorat are combined with ripe blackberries and liquorice. Sensations in the mouth are those of a fresh wine and good acidity with silky round tannins. The back nose is floral, mineral and fruity.
